Really nice product --- works well and looks great!

alex

My Tassimo sits on top and the T-discs fit nicely in the drawer below.

I like that the top is made of a non slip surface also.

★★★★★ Works perfect!

By Ddandmm on November 13, 2012

It is perfect for sitting my Tasimo on. I don't hit the top of my upper cabinet and I now free up my drawer and cabinet space that had been holding my t-discs!

★★★★★ Awesome Accessory!

By M. Ross on April 1, 2013

#### Verified Purchase

I love this drawer organizer! The T-Discs fit very well into each spot. I can fit 2 of the normal sized discs in one spot. The bigger ones (milk for latte's) get a spot of their own due to the size. I have no problems finding what I need in the morning. The item itself is durable - good quality! The drawer slides out easily and doesn't get stuck. The top of the holder has a nice, soft padding. I put my Tassimo machine on the top of it. It's a cute, organized solution for my smaller sized kitchen! I am happy with the purchase and would recommend to anyone!

★★★★★ Just what I was looking for.

By AcidicSoda on April 16, 2013

#### Verified Purchase

This was exactly what I thought it was going to be. It's a little longer than I expected because I didn't pay attention to the size. Non issue though. I keep all my TDisc in it and have my Tassimo on top. The top part of this organizer is like a soft foamy top which makes it slip prof. There is definitely room to put a creamer and sugar supply or whatever you may want to put with it. Holds about 27 TDisc without doubling them per slot. The site says 50 something but I you count there are only 9 spots per row and 3 rows. I guess if you have espresso you can fit more. Also if you have a milk tdisco for cappuccino it will still fit. Definitely worth having.

Excellent well designed product. Sturdy, holds the fat milks as will as the smaller codes and opens and closes easily.

★★★★★ THE Accessory to Buy for Your Tassimo Coffee Maker...

By D. Grieco Jr. on August 27, 2013

#### Verified Purchase

I won't waste your time... it's a stand for the coffee maker with a drawer that holds T-Discs. The drawer action is smooth, it holds a lot of T-Discs and positions them so you can see them easily. Each spot in the drawer can hold either 2 regular thickness discs, or 1 double thick disc (cappuccino / latte milk disc). For the price, it's a no-brainer and it's better than throwing the coffee pods in a nearby kitchen drawer.

The drawer has lots of room, but it could be slightly taller for the T-Discs(sometimes the T-Disc lip keeps the drawer from closing). Overall, very happy with purchase.

 Great holder. Would be really great if dividers would hold a milk and espresso together. But, for the price, its great and well built.
